Pace of Play

Slow play and delayed tee time are a source of tension and confrontation than can be easily avoid with proper consideration by all golfers. Keep up the pace of play (about seven minutes per hole) or let faster golfers play through. **The procedure for a “play through” on our course is for the slower group to tee off first, and then let the faster group tee off before proceeding past the tee box area.** Then the faster group and the slower group both leave the tee box area at the same time, but the faster group plays the hole out first. In this way the slower group does not fall behind as the next group approaches. Cooperation by both groups benefits both groups and it is a good day for golf.

Note: Prize money cannot be picked up any other day than Tuesday. An uncollected prize list will be posted each week. *All outstanding prizes must be picked up by the last Men’s Night, or the money will be added to the Final prize money.*

Men’s Night is based on 9 holes or 18 holes of golf.

We aim to maintain Men’s Night as a fun social event with some competitive value, so please take part and enjoy. We look forward to serving you.
